Ear impression files from Ear Project
To: Marwan Rammah

March 20, 2025 at 12:22 PM

Hi Marwan,

It was a pleasure meeting you yesterday. Attached, you'll find the scan files for both your right and left ear impressions (STL files).

If you're interested, here's a link to purchase ear impression services from [Ear Project](#) for your partner.

Best,

Anga

Thanks so much, Anga!

Really appreciated chatting with you and all your insight!

This model is so cool! May I ask how it was scanned?

Will definitely be using the ear project for her imprints!

Marwan,

The physical ear impressions are scanned with impression scanning equipment - there are many options out there for dentistry and audiology clinics. One maker is Smart Optics.

Best,

Anga
